JUDGE GOWANS SUCCEEDS THOMAS

As Supt. of State Industrial School; Latter's Resignation Takes Effect Sept. 1.

BAMBERGER GETS FRANCHISE

For S. L. & O. on Lincoln Avenue—District Court Session—Suits For Big Damages.

OGDEN, Aug. 3.—At the session of the board of trustees of the State Industrial school held at the institution late yesterday afternoon the resignation of H. H. Thomas as superintendent and Mrs. H. H. Thomas as matron were received and accepted effective Sept. 1. The board appointed Judge E. G. Gowans and wife of Salt Lake City as superintendent and matron respectively, at salaries of \$150 and \$50 each. Judge and Mrs. Gowans will take charge of the school on Sept. 1.

Ever since the investigation when the personal charges were brought out against Supt. Thomas and were unfounded, it was known that the resignation of Thomas would be forthcoming as soon as the report of the committee was handed to the governor.

The board at its meeting yesterday also abolished the office of assistant superintendent, and created the office of chief clerk, who is to be appointed by the superintendent.

Trustee John Walsh and Judge Gowans were authorized to go to California and purchase 25 head of cattle for which an appropriation was made by the last legislature. They will also visit the California Industrial school.

DISTRICT COURT SESSION.

OGDEN, Aug. 3.—A session of the district court was held this morning, the first in the early fall term by Judge Albert Howell, who has recently returned from his honeymoon spent in California, Oregon and Washington.

The present term of court promises to be a busy one on account of the large number of criminal cases that are to be heard, among which are the Ernst and Vecos murder cases.

BAMBERGER GETS FRANCHISE.

OGDEN, Aug. 3.—The Salt Lake & Ogden Railway company was granted a franchise at the session of the city council last night for the construction of an electric car line on Lincoln avenue north to the city limits. The franchise passed its three readings at a meeting by the suspension of the rules.

The hasty action was taken as President Bamberger of the road explained that as the paving of Lincoln avenue would begin within a very short time he was anxious to have the track laid before hand as it would mean the saving of a great deal of additional expense to the company and the taxpayers from the tearing up of the asphaltum after the paving had been completed.

The franchise grants the company the right to lay a track and erect poles on Thirty-first street to Lincoln avenue, thence north on Lincoln avenue to the city limits. The Bamberger depot will be at the corner of Grant avenue and Twenty-second street.

Mrs. Tillie Hancock-Poulter, city recorder, submitted the name of Miss May Moran as deputy recorder. The appointment was confirmed.

The treasurer's report showed cash on hand, \$40,982.84, and from the following departments: Waterworks, \$11,271.00; special funds, \$14,826.87.

G. W. Gaymon filed an application for a liquor license at Sylvan Park. Accompanying the application was a letter from chief of Police Browning recommending that it be not granted, stating as his reasons that the selling of liquor at the resort would have a tendency to be demoralizing to the young people attending the dances at

the resort. He also stated that when the resort was first built that a building for saloon purposes was erected near the resort, but the police had refused to grant such a license and did not think the city should do so now. The recommendation of the chief of police was approved and the application was denied.

The board of trustees of the State Industrial school, by Harry Joseph as chairman, asked that the water mains be extended to the state institution. The application was referred to the special water committee.

The Auditorium band by A. L. Ages, leader, stated to the council that the band would go to Salt Lake during the G. A. R. encampment and take part in the parade. He stated that if the city could offer them some financial aid that the name of the band would be changed to the Ogden band. The request was referred to the finance committee.

Supt. J. M. Mills of the city schools appeared before the council and asked on behalf of the board of education for permission to place plaques of the City schools on the walls in the city hall. He also asked that the board be allowed the use of the council chamber at times that would not conflict with the meetings of the council. Both requests were referred to the committee on public buildings and grounds.

The payrolls and claims were read and allowed.

The city engineer was instructed to have the companies having poles on Lincoln avenue between Twenty-first and Thirty-second streets to have them removed from the center of the street within 30 days.

Upon motion of Councilman Flygare, the council adjourned for two weeks on account of the G. A. R. encampment being next week.

SUITS FOR DAMAGES.

OGDEN, Aug. 3.—Suits has been brought in the district court by Tella D. Harris, residing at 1111 E. Franklin, against the Ogden Steam Laundry to recover damages in the sum of \$20,000 for injuries sustained by Frank Harris while in the employ of the laundry company. The complaint alleges that on May 11 of this year, young Harris was working in the dry cleaning department of the laundry, when the laundry was struck by an extractor, which made 800 revolutions per minute. While thus employed, the boy grew dizzy from the fumes of gasolene and fell toward the extractor and his arm being caught it was torn off at the elbow. The defendant claims the company was negligent by not providing adequate guards for the machinery.

That the defendant did not advise him of the dangers in the cleaning room and that it did not cover the machinery as it should have done. As a result of the accident the boy had his arm twisted to such an extent that it was found necessary to amputate it.

In the probate division of the district court, Mrs. Lulu M. Foley has filed a petition for letters of guardianship in the matter of the estate of Barkley, Mary, Jessie, Barnard and Lucy Frances, all deceased.

The petition for damages against the Inter-mountain Packing company of Salt Lake City, where the father of the said minors received injuries April 16, 1909, that resulted in his death.

OGDEN, Aug. 3.—The local lodge of Cooks and Waiters have elected and installed the following officers: R. E. Goode, president; J. Evans, vice president; T. C. Walker, secretary and treasurer; R. L. Leonard, business agent; C. A. Cooley, chaplain; E. C. Dillman, inside guard; delegates to the local and labor assembly, C. A. Cooley, R. L. Leonard and A. S. Bear.

MARRIAGE LICENSES.

OGDEN, Aug. 3.—Marriage licenses have been issued to the following couples:

Joseph S. Wadsworth and Sarah E. Flinders, both of Ogden.

Joseph A. Pulley of Theodore, Utah, and Mary A. Chaplin of Ogden.

Albert C. Young and Mattie Marger, both of Salt Lake.

FIRE AT DEPOT.

OGDEN, Aug. 3.—A fire broke out in the ventilator shaft of the kitchen of the Union depot hotel at 6:45 this morning. The fire department promptly responded to the call sent in and soon had the blaze extinguished. The ventilator and roof were damaged to the extent of \$100.

The department made a second run at 10:30, when a fire started in the dry cleaning department of the Ogden steam laundry. Only slight damages resulted before the fire was put out.

NEW SUPERINTENDENCY FOR KAYSVILLE SUNDAY SCHOOL

(Special Correspondence.) KAYSVILLE, Davis Co., Aug. 1.—The Kaysville Sunday school No. 1 was reorganized today. The former superintendent moving away from town was released. A resolution authorizing the mayor and recorder to convey the property involved in the election to the railroad company on its acceptance of the franchise, was adopted by a vote of 7 to 3. Councilmen Giles, Thomas and Newell voting no.

A communication was received from State Engineer Tanner approving certain appropriation of Provo river water by Provo city. Supt. of Waterworks J. M. Holdaway presented a report urging the installation of the new water main and other improvement. He called attention to the increased demand for water, and to the fact that the present main was not in good condition. The report showed the following financial condition of the waterworks system for the year:

Cash collected from all sources, \$5,357.63; rebates, \$3,067.70; city treasurer, \$5,000; outstanding city rates \$382.46; cemetery, \$398.75. Specifications for sidewalk paving were adopted.

The committee on election was instructed to present a report of the cost of the depot election.

A resolution creating sewer district No. 11, which embraces the greater part of the city east of Third East street, was presented and went over till the next meeting.

A number of farmers in Pleasant View will appear before Justice Noon on the charge of flooding the streets with irrigation water.

Hayes Thomas was arrested here last evening for the Salt Lake officers on a charge of appropriating some barber's tools from a shop in Salt Lake. Mr. Hayes claims to be part owner of the missing tools.

CHILD KILLED IN ACCIDENT NEAR ROOSEVELT

(Special Correspondence.) ROOSEVELT, Wasatch Co., Aug. 1.—A fatal accident occurred on the canal being constructed at Lake Fork by the Dry Gulch Irrigation company. Fred Pack and family, formerly of Kamas, but who now live on a ranch near Morton, were out on a fishing trip on July 31 and came by the works a few minutes after a blast had been set off. Mr. Pack was carrying one child, while his wife carried the baby, 15 months old, a few steps in the rear.

Thinking that all danger was past, they started to go by, when a slide of dirt and rock came like an avalanche upon them. The infant was hit in the head by a large rock and knocked out of its mother's arms, while the mother was buried beneath earth and boulders. The mother was rescued and soon recovered consciousness, escaping with a few bad bruises. Her baby, however, never regained consciousness and died in an hour after the accident. The family returned at once to their home. The accident occurred at a place where the canal was being excavated, and the family was passing over a bridge of logs.

BINGHAM STIRRED OVER ELOPEMENT ON MONDAY

BINGHAM, Salt Lake Co., Aug. 2.—Considerable excitement was caused here today by the elopement of Graham Higenson, who is about 35 years of age and Lizzie Crittenden, the 15-year-old daughter of Mr. and Mrs. Willard Crittenden of Car Fork. The two se-

cured a livery rig at the Star stables at 7 o'clock this morning. When last seen they were driving down the canyon at a rapid pace.

Though the officers of this place and other counties were promptly notified, the whereabouts have not been located. The attention of Higenson to Miss Crittenden were not approved by her parents, but despite their protests, the two are said to have had many clandestine meetings. Last night the daughter remained out until a late hour, and when she came home, it is said, her mother told her she had better go back when she came. The girl then went away and did not return all night.

It is believed that the couple went away to be married, but in view of the girl's age, they may have some difficulty in doing so.

ACCIDENTS AT BINGHAM.

BINGHAM, Aug. 2.—Young Basil Dorman, son of William Dorman, fell distance of 40 feet from a trestle at the Utah Copper mine today, and suffered a dislocation of his collar bone and other minor injuries. He was taken to Fremont's hospital. The girl then went away and did not return all night.

Through failing to get out of the way of an explosion on the property of the Utah Copper company on Saturday afternoon, August 2, a laborer in the employ of the Utah Construction company was terribly mangled, his right arm and leg being blown off. He was taken to Fremont's hospital in Salt Lake immediately, where the injured limbs were amputated. It is thought he will recover.

THRILLING ESCAPE FROM DEATH

BINGHAM, Aug. 2.—A pair of ear trucks got away from the train on Saturday afternoon, plunged down an incline and smashed into the kitchen of the home of Herman Johnson. Mr. Johnson and his daughter were in the kitchen, but miraculously escaped unhurt.

While an engine and five loaded 50-ton cars were coming down the Bingham track, the following accident occurred. Three of the cars were derailed, one of them in such a manner as to send the trucks with stupendous velocity down the incline and through the wall of the kitchen. Johnson was standing at one side of the kitchen and his daughter on the other, when the trucks came crashing in. The mass of lumber and iron fell for a foot or two on either side. In this space the occupants stood.

Eight men who were eating their meals in an adjacent room leaped from the table and rushed into the street. Tremendous excitement was occasioned by the affair, and the street was densely packed with on-lookers. Neither Johnson nor his daughter was injured and suffered no ill effects from their experience, further than a severe fright.

BOY'S LIFE CRUSHED OUT BY HAY WAGON AT ELSINORE

(Special Correspondence.) ELSINORE, Sevier Co., Aug. 1.—Yesterday forenoon, while the 6-year-old boy of Mr. and Mrs. C. A. Hansen was riding on a hay rack with a neighbor, he fell from the wagon, which ran over him, crossing his body in the region of the heart and lungs. He gained his feet and walked to the railroad where he fainted. He was carried into the house, his mother being but a short distance away, and a doctor summoned. That could be was done for him, but the little fellow died an hour after the accident.

The sympathy of the community goes out to the family in their hour of trouble. Mrs. Hansen, who has just gained strength after a sick spell, is in a bad state. Her nerves are completely unstrung.

CENTERFIELD BEGINS GOOD HARVEST OF GRAIN

(Special Correspondence.) CENTERFIELD, Sanpete Co., Aug. 2.—Weather is good for ripening grain with very warm days and cool nights. Crops promise to be a little over the average. Alfalfa seed crop is very promising. Grain harvesting has begun.

The Bell telephone system is now installed in many of the homes here. A good water system and electric light plant would be much appreciated at the city and the presidency attended the ward conference here July 25, and gave timely and valuable instruction.

Stake conference will be held at Gunnison next Saturday and Sunday, Aug. 7 and 8.

FINE CROP RETURNS IN JUAB COUNTY

(Special Correspondence.) NEPHI, Juab Co., Aug. 2.—Thrashing has commenced and the wheat crop is very encouraging. Considerable of the wheat has been contracted at \$1 per bushel but at present only 50 cents is being offered. The first crop of lucerne has been harvested, and is a good one. One farmer is reported to be getting \$11.00 a ton for baled hay. With good prospects for an average of irrigated grains, potatoes and fairly good fruit prospects citizens are feeling well and general contentment abounds.

Several families are leaving for the mountains this week to remain for a week or so.

STAKE CONFERENCE.

NEPHI, Aug. 2.—The Juab stake quarterly conference convened at the tabernacle here at Nephi Saturday, July 31, at 10:30 a. m. President J. V. Paxman presiding. Elder George P. Richards of the Quorum of Twelve Apostles was present and in connection with the different bishops of the wards and President Paxman gave some very instructive remarks at the forum.

Afternoon services. Sunday three meetings were held, and in connection with the same the quorum of the Juab stake was held, and delivered addresses.

BUILDING BOOM.

NEPHI, Aug. 2.—Contractors and builders are very busy completing the Whitmore building and getting the same ready for the commencement of school, which at the latter block, Sam Wynn's office rooms on Main street, the Roy Maltchior and Dr. Bennett homes, work is going rapidly on and every one in this line of trade is very busy with prospects of continuing so until fall.

CARDSTON HAS RAILWAY RATES FAIRLY ADJUSTED

(Special Correspondence.) CARDSTON, Alberta, Canada, July 27.—A piece of the very best news to this locality was a communication from the Dominion railway commission to the Cardston board of trade, to the effect that the claims of the people in the Cardston district of discrimination in the matter of passenger, freight and express rates on the local railway line were just and that the carriers had been ordered to establish a three-cent per mile rate for passengers with a sixth reduction for round-trip tickets, also to establish a new tariff of express and freight rates placing this section on the same basis as Canadian Pacific main line rates. What this means to the town is best understood when it was only two years ago that passengers to Lethbridge and return paid \$8.00. Last year \$4.45 and now the same trip will cost only \$3.20. Other items in proportion. In the single instance of coal the new order will be of incalculable value to the people.

CARDSTON BRIEFS.

Throughout the stake there was a general observance of Pioneer day.

Cardston Sabbath school celebrated on Friday, but most of the outside wards observed Saturday, and a cessation from farm labors and the finest weather conditions made the occasion more pleasant.

There is a general rush for the lakes and mountain resorts. It is estimated that there are now 300 people camping at the famous Waterton lakes and streams tributary to them.

Crops never looked better nor conditions more favorable, excepting possibly that the season is two weeks later than is usual here. Hay is reported in progress all through the ranching sections. Alfalfa seems to be permanently established in this new land and crops are reported averaging from two to three and one-half tons per acre the first cutting.

The Kimball branch line from Raley is to be standardized as far as Woolford and two new elevators are being erected at that fertile grain center to handle the bumper crop this fall.

Last week President E. J. Wood performed the ceremony which united B. F. Lowry of Taylorville and Mrs. B. Lewis of Cardston in marriage. This happy couple will make their home at Taylorville.

Born to Mr. and Mrs. John Jensen, a son, while to Mr. and Mrs. Hugh B. Brown, Mr. and Mrs. Phillips, and Mr. and Mrs. S. M. Woolf were born daughters.

The infant child of Mr. and Mrs. R. W. Beck died last week.

Elders Walter Caldwell and Norval Sorenson are recent arrivals from the mission fields. Elder Caldwell was nearly three years in Great Britain, while Elder Sorenson was released from his labors in the eastern part of the United States on account of ill health.

RECENT DEATHS

JENSEN, PETER CHRISTIAN.—In the death of Chris Jensen Centerfield mourns the loss of a highly respected and esteemed citizen. He was suddenly seized with spasmodic contraction of esophagus on the evening of July 23 and in spite of all that could be done for him, as he could not swallow, he passed away at 4 p. m., Sunday, the 25th.

Peter Christian Jensen was born in Denmark, June 24, 1867, and came to Utah when a child. He has resided in Centerfield since 1890 and lived a quiet and exemplary life. He leaves a wife and three children to mourn his sudden departure.

Funeral services were held from Centerfield meeting house Wednesday, July 28, where appropriate and merited remarks were made by Elders Hans C. Jensen, president of his (Stake) quorum; C. H. Christensen, H. M. Garrick, Chas. H. Embley and Bishop Andrew C. Fjeldsted.
